

How you can help HIFA

(and advance the objectives of your organisation at the same time!)

There are many ways you can help HIFA:

1. Help HIFA to grow its membership

- Display the HIFA logo on your website¹
- Invite your colleagues and contacts to join HIFA
- Publicise HIFA to your networks and social media²

Example: Add a HIFA graphic to your website: www.hifa.org/support/link-us

2. Contribute to the HIFA community

- Email hifa@hifaforums.org to highlight your organisation's activities on the HIFA forum
- Sponsor a HIFA discussion on a theme of your choice
- Sponsor a HIFA Country Representative

Example: During 2019-2020, WHO is supporting a series of thematic discussions on Community Health Workers, www.hifa.org/projects/community-health-workers

3. Provide financial and/or technical support

- *Voluntary financial contributions.* Supporting Organisations may choose to provide a one-off or annual contribution. Financial contributors are recognized prominently on our website and on individual messages sent via the HIFA forum (average 6 messages per day to more than 11,000 members members worldwide).
- *Technical support:* HIFA has many volunteers worldwide providing help in many ways: publicity and awareness-raising; content analysis; moderation of discussions; database skills; and participation in dedicated HIFA Projects.

Welcome on board – we are delighted you have chosen to support HIFA and join our vibrant community! Thank you!
